

SENATE PASSES SIDEPAATH BILL

Authorizes Construction of
Paths for Wheelmen
with \$1 License.

PRIMARY BILL DOOMED

It Has Only Fifteen Votes in
the Senate and Cannot
Pass That Body.

ADJOURNED UNTIL MONDAY

Madison, Wis., Feb. 21.—The bicycle side path bill which authorizes the construction of paths for wheelmen and charges them a license fee of \$1 to cover expenses was passed by the senate today without opposition. The bill preserving public rights in streets taken by street railway companies under eminent domain was also passed. Little other business of importance was transacted by either branch. Both houses observed Washington's birthday by adjourning until next Monday morning.

CAPITAL PUNISHMENT BILL.

Mr. Orton's Measure Is Not Likely to
Pass the Assembly.

Madison, Wis., Feb. 21.—While Assemblyman Orton's capital punishment bill is not very likely to pass even the assembly it is a measure which is going to cause an endless amount of discussion on the floor of the house. Mr. Orton is in earnest in the support of his bill. He claims that the merit of the measure lies in the class of men whom he seeks to have hanged for murder. Hanging is to be the punishment only when the crime is committed by a person who is attempting to commit highway robbery, burglary or criminal assault.

Murders committed in this connection, according to Mr. Orton's theory are always committed by men who are dangerous to society, and he argues that this is a case where the death of the offender is a distinct gain to society. Murders committed through jealousy and other causes not listed in the law, it is Mr. Orton's argument, are not the crimes of members of the criminal classes. Mr. Orton is loaded with statistics in support of his bill and the committee speech which he will make in its favor will to a great extent be a technical speech on crimes and criminals.

Demand of Milwaukee.

The Milwaukee members have come to an understanding on the subject of the reapportionment and they have decided to stand out as a body for the two districts for Milwaukee. They came to that at a conference held last night. They believe that by standing together they can secure what they want in that respect. Inasmuch as most of the districts are showing a disinclination to have their boundaries changed they may be able to secure the two districts for Milwaukee county. A few gentlemen with congressional aspirations are figuring upon new districts in the other parts of the state, but their interests clash to a greater or less extent which fact increases the chances of the Milwaukee members.

Mutilation of Horses.

The bill introduced by Senator Whitehead to prohibit the mutilation of horses by docking their tails is a measure prepared and presented by the Wisconsin Humane society. It makes it unlawful to cut off any part of the flesh or bone of the tail of a horse and prescribes severe punishment for violation of its provisions. It is a bill that the humane society and a good many other people would like to see passed.

PRIMARY BILL CANNOT PASS SENATE

Some of the La Follette Senators Admit That They
Have Only Fifteen Votes.

Madison, Feb. 21.—The fourth hearing on the primary election bill was held last night in the assembly chamber by the senate and assembly committees on privileges and elections. Speeches for the bill were made by F. M. Miner of Eau Claire, W. D. Corrigan of Plainfield and John Strange of Oshkosh. There were no speeches in opposition. The chamber was filled by a large crowd chiefly members of the legislature. After the hearing last night on the

dictionary has been the recognized standard of excellence of this state, but two bills have been introduced both of which aim at pulling it down from its position. They authorize the purchase by the state of any dictionary of recognized excellence. The state furnishes a large number of dictionaries to its educational institutions.

SAVE ONLY A SINGLE SALOON.

Fire at Woodruff, Wis. Burns Business Section of Town.

Rhineland, Wis., Feb. 21.—Fire last night destroyed the business section of the town of Woodruff, twenty-six miles north of here, only one business place, a saloon, being left. The village contained two or three general stores, a clothing store, three hotels, and thirteen saloons. Little insurance was carried, the place being without any sort of fire fighting apparatus.

SIOUX ARE RESTLESS

Discontent May Lead to Grave Trouble Unless the Authorities Deal Promptly with Situation.

Valentine, Neb., Feb. 21.—It is plainly apparent to those familiar with the Sioux Indians that the present discontent among them may lead to serious trouble and internal complications unless the united States takes prompt measures to relieve or remedy what they believe are government injustices toward them. An uprising as extensive or terrible as that of ten years ago is very improbable, but it is the general belief here that reprisals of some sort for these alleged abuses will be attempted and that shortly. Settlers in the vicinity of the Pine Ridge and Rosebud agencies are feeling very uneasy. They know that in case of an outbreak here that there would be a great loss of life and property before the government could get troops enough to the front to protect them.

TEDDY ROOSEVELT REACHES CHICAGO

Tanned and Silent as a Comanche
Indian He Passes Through the
Windy City Going Home.

Chicago, Feb. 21.—Tanned to the color of a Comanche Indian and equally as uncommunicative as his hunting trip in Colorado, Theodore Roosevelt arrived here early this morning and drove alone to the Auditorium where he breakfasted. A barbershop and a bookstore occupied his time until noon when he dined at the Union League, departing for New York at two o'clock.

PREPARATIONS FOR THE INAUGURATION

Washington, Feb. 21.—Every precaution is being taken in the construction stands for the review at the great inaugural parade. Bolts take the place of nails and heavy beams are used where scantling served formerly. Visitors are now arriving daily. The inaugural committee is providing for the comfort of those who may be held in crowds on the streets and lunch wagons will be stationed along the route of parade. Seats are being rapidly reserved.

THIRTEEN MINERS DEAD BY DROWNING

Tuscaloosa, Ala., Feb. 21.—Thirteen colored miners were caught in the back chambers of the asylum coal mines near here, when the mines were flooded yesterday and are dead either from drowning or suffocation. Twenty four were below but eleven escaped. A heading driven into the mines and abandoned years ago caused the flood to pour in. It will take several days to clear the water out.

FIFTIETH ANNIVERSARY OF THE CHICAGO, MILWAUKEE & ST. P. ROAD

Opening of This Line of Railway a Half Century
Ago Was Occasion for a Special Celebration—
May Observe Its Golden Jubilee.

Milwaukee, Wis., Feb. 21.—February 25, 1901, will be the fiftieth anniversary of the running of the first railway train in Wisconsin. The train ran from Milwaukee to Waukesha, a distance of twenty miles, over what was then called the Milwaukee and Mississippi railroad. The line still exists. It was the beginning of the great system of over 6,000 miles of road in a number of states now known as the Chicago, Milwaukee & St. Paul railway. The opening of this short line of road fifty years ago was the occasion of a special celebration and was justly regarded as an important event in the history of the young state. No arrangements have been made by the company as yet for any observance of this anniversary and it seems improbable that any will be made. Col. W. J. Boyle of Milwaukee visited the general offices of the company in Chicago yesterday and learned that no plans had been made for a celebration and that none had been contemplated. If there is any observance of the golden jubilee of the road it will be by the citizens of Milwaukee and Waukesha and as yet they have taken no steps in that direction. The railway company has recognized the completion of the first half century of its existence by the publication of "A Brief History of the Chicago, Milwaukee & St. Paul railway," compiled by Lewis Jackson, the industrial commissioner of the road. When the Milwaukee-Waukesha line opened Milwaukee had a population of 20,000 and the state contained 305,000 inhabitants.

LOOT THE TREASURY OF MILWAUKEE

Forged and Raised City Certificates Take Large
Sums from the Tax Payers.

Milwaukee, Wis., Feb. 21.—The City Treasurer today made the discovery that the city has been systematically robbed for a number of years, and the sum lost may be a colossal sum. It is said that evidence of the loss of \$100,000 has been found. The investigation has not progressed far enough so that the names of anyone can be connected with the affair, but the operations by which this great amount of money was taken from the city treasury have extended over a period of several years, and according to the revelations made thus far, forged, raised figures, and the theft of the printing of false city certificates, which City Treasurer Bollow has secured by tracing up a few old city certificates, that there has been an organized movement for years to defraud the city. The manner in which those implicated have operated was rather to raise the amounts of city certificates given to contractors for work done or to issue fraudulent certificates, sometimes in the name of living contractors, sometimes in the name of men who have been dead for years. The names of the members of the board of public works and the city comptroller were forged by these certificates. There is no means of telling at present what amount the city has lost, but it is known that operations in these fraudulent certificates extend back to 1894, and it is intimated that they may extend still farther back. So far as the investigation has progressed it would indicate that no one connected with the city government is involved and that the fraud was practiced by persons not in any way associated with the city hall. The evidence seems to implicate some contractor or contractor's agent, who has issued the certificates and has had them cashed.

THAT WEDDING WILL NOT TAKE PLACE

Engagement of Miss Anne Depew
Paulding to Lieut. John R. Edie
of the Navy Canceled.

Washington, D. C., Feb. 21.—Senator Depew last night announced that the engagement between his niece, Miss Paulding, and Lieutenant Edie had been broken off. Further than this neither the senator nor Mr. Edie would speak. The news was a surprise to every one, and no reason can be given for this sudden change of plans. The young couple have been devoted to each other ever since Miss Paulding has been in Washington. There are several surmises as to the provoking cause of the announcement, but accounts as to when the actual rupture came about differ.

The engagement of the lieutenant to Miss Paulding was formally announced at a dinner party given by Senator Depew, on Dec. 15 in honor of the Governor and Mrs. Odell. Lieutenant Edie is now on shore duty with a desk in the navy department. Miss Paulding refuses herself to all callers, but has notified her intended maid of honor that her attendance on April 17 will not be required.

BIG FIRE SWEEP OVER ATLANTA, GA.

Atlanta, Ga., Feb. 21.—A half million dollars was lost in a fire this morning which destroyed the wholesale houses of Maddox Bros., Graming and Spaulding, McConnell & Christopher, Rankin & Davidson and Draper Coggins company. A number of small dwellings were also burned.

JAMES CALLAHAN PLEADS NOT GUILTY

Omaha, Feb. 21.—James Callahan, one of the alleged abductors of Eddie Cudahy was arraigned this morning charged with robbery, false imprisonment and grand larceny. He pleaded not guilty and was bound over on twenty-five hundred dollars on each count. The hearing will be on Monday. There are no expectation of additional arrests at present.

MURDER IN FIRST DEGREE. Charges Against the Four Raiders Who Were Arrested.

Leavenworth, Kan., Feb. 21.—John Hudson, a bartender whose wife was killed in a raid on a joint Monday night came here today and swore out warrants for the four farmers already under arrest charging them with murder in the first degree. William Webb, who was wounded in the raid is not expected to recover.

Decline of New Year's Calls.

From old Dutch times New Year's day calls were an institution in New York, and other towns followed suit, but the feasting and drinking were carried to such an excess, and the rush to pay the maximum of calls in a minimum of time became so great that gradually a reaction set in that led practically to abolishing the system.

NEW HEAD AT MENDOTA

Dr. E. L. Bullard of Waukesha, Appointed Asylum Superintendent to Succeed Dr. Lyman.

Madison, Wis., Feb. 21.—The state board of control yesterday afternoon elected Dr. E. L. Bullard of Waukesha to be superintendent of the state hospital for the insane at Mendota, in place of Dr. W. A. Lyman, who has resigned to go into practice at Eau Claire. Dr. Lyman will be associated with his brother, Dr. John Lyman, who is now practicing there. Dr. Bullard has been for several years the physician of the Waukesha reform school. Ten years ago he was a member of the assembly. Dr. Lyman who retires from the superintendency, has been anxious for some time to resign, so as to return to private practice. He leaves the hospital here in excellent condition.

DIE OF HUNGER IN CITY OF MILWAUKEE

Man and Wife, Too Proud to Beg, Go
Without Food—Taken to the
Hospital Too Late.

Milwaukee, Wis., Feb. 21.—Two deaths from starvation were reported to the police. The victims were Mr. and Mrs. John Hoefer, who lived at 632 Scott street. The couple had sold the most of their furniture for a small sum of money, with which they purchased food and fuel for themselves and their two children. When the most of the food thus obtained had been eaten it is supposed that the parents deprived themselves in order to save the children, and, being too proud to beg, literally starved to death. The parents were taken to a hospital and died, one on Monday and the other on Tuesday.

MR. CARNEGIE AIDS MORE LIBRARIES

Tenders \$85,000 to Marion, Ind., and
\$35,000 to Mount Vernon,
N. Y., for New Buildings.

Marion, Ind., Feb. 21.—George Webster, secretary of the school board of the city of Marion, received a letter today from Andrew Carnegie stating that if the city of Marion will provide a suitable site and pledge itself by resolutions of the council to spend from taxation not less than \$5,000 a year in support of its library he would be pleased to give \$50,000 for the erection of a suitable building. The city council has passed resolutions complying with Mr. Carnegie's request. Mount Vernon, N. Y., Feb. 21.—Andrew Carnegie is to give the city of Mount Vernon \$35,000 for a public library providing that the common council will provide a site and vote \$3,500 a year to maintain it.

YOUNG FARMER ROBS BANK UNAIDED

Boards a Locomotive with \$1,600 Booty and Tries in
Vain to Escape His Pursuers

Rantoul, Ill., Feb. 21.—At ten o'clock yesterday morning Arthur Hyer entered the private banking institution of F. B. Venum at Fisher, a small town in the northwest corner of Champagne county, and presenting a revolver, compelled the cashier to hand over all of the money at hand. After securing \$1,620 in currency and gold the robber backed out of the bank, still covering the two clerks with his pistol. Reaching the street Hyer ran to the yard of the Illinois Central railroad and boarded a freight train which was just pulling into the yards. At the point of the pistol he compelled the engineer to put on full steam and pull through the town. While this was transpiring, business men, who had learned of the robbery, armed themselves and, running to the depot, arrived in time to catch the caboose as it went past the platform, an angry crowd of 200 citizens also following the train down the track. The train crew and citizens succeeded in stopping the train on the crest of a hill about a mile from town and the robber was covered by members of the citizens' posse, headed by the mayor of the town. The cornered thief was desperate and although he threw all the money through the cab window, he refused to surrender until assured that he would not be lynched. He is now in jail at Urbana.

MRS. NATION WAS WITHOUT MALICE

Acquitted On Charge of Malicious Destruction of Property.

ABATING A NUISANCE

Anti-Saloon Riots Assuming Alarming Proportions in State of Kansas.

CRUSADE IS SPREADING FAST

Topeka, Kan., Feb. 21.—Mrs. Carrie Nation was this morning acquitted on the charge of malicious destruction of property in the "Senate" saloon raid. Judge McCabe held that she was not guilty of "malicious" destruction of property but that in destroying the "Senate" saloon she did it believing that she was abating a common nuisance, hence there was no malice in her work. On this ruling Mrs. Nation was released from custody in the city court but remains in jail because she has executed no peace bond as ordered by the district court.

MAY START A REVOLUTION.

Anti-Saloon Riots Assuming Alarming Proportions in Kansas. Wichita, Kan., Feb. 21.—Two hundred heavily armed farmers arrived to help the temperance people purge the town of saloons. After they have riddled Winfield they will march into Arkansas City and make trouble there. The saloon men expect the most trouble from the vigilance committee, numbering 1,000. This is the committee's program: Arise at daylight and hold prayer meeting in some church. At 10 o'clock muster their forces and at noon start on the warpath. Every saloon in town has been warned to have its doors open ready for inspection. If the doors are closed they will be battered down. After all places where saloons have been conducted are inspected, then they will march against the homes of the liquor dealers, where their fixtures and liquors have been stored. These places will be raided and all saloon fixtures smashed. If saloonmen offer any resistance the battle will commence. Mayor Albright has issued a proclamation threatening to fine all members of the mob \$200 each. It is reported that he contemplates martial law for Winfield.

Mayor Albright said: "While the situation today is dangerous and there are many prospects of trouble I believe the saloon men will take their goods and go when they find trouble is certain. I have the town well guarded today. I have advised saloonkeepers to move. If the temperance people start to shooting they will be arrested immediately. The same applies to them." The following notice, printed in red ink, was posted about Winfield yesterday: "Warning—We have given you plenty of time and now we intend to act tomorrow at 1 o'clock, if there is a saloon fixture in town, we will smash it same, and if any resistance is offered on your part we will injure the saloon man who attempts to stop us, we do not want to see any bloodshed in our community, but the saloons must go. The first saloon man who takes any of our members will be hung up to the nearest tree. This is at our demand: You must take your goods from your homes where you've them stored and ship them out of the city. They must stay out, do not want to have to kill you, the saloon fixtures must go. This our last advice to you, and you had better take warning, under penalty of death."

REV. PENCE THROWS
A BOMB IN DETROIT

A STARTLING REMARK THAT
AGITATES THE MINISTERS.

Says if a Working Man Were To
Take Him at His Word When He
Invited Him to Come to Christ,
He Would Not Know Where to
Take Him.

The Rev. Edward H. Pence, formerly pastor of the Presbyterian church of this city is agitating the people of Detroit with his original and startling utterances. The following is an extract from the Detroit Tribune:

"If I assisted at a prayer meeting in a factory I would be scared to death for fear some workman would take me at my word when I invited him to come to Christ, for I wouldn't know where to take him.

This startling remark was heard from Rev. Edward H. Pence, D. D., of the Fort Street Presbyterian church yesterday afternoon at the all-day service of conference and prayer for the Detroit clergy of all denominations at the Woodward Avenue Baptist church.

"I would invite him to prayer meeting and to church, and, of course he would have to sit somewhere and would ask about a pew," continued Rev. Pence. "Then I would say I would introduce him to the man who had charge of those things, and when I would offer to introduce my workman to the vice-president of some bank to arrange that matter, the mere suggestion of that introduction would be the biggest case of refrigeration you ever heard of."

Two or three ministers jumped to their feet almost before the speaker had finished, and Dr. Pence remarked that he was glad if he had agitated them.

Rev. J. M. Barkley secured the floor and insisted that the convert would be welcomed with a "God bless you" in the most refrigerated church of them all.

Factory Services.

This heated discussion arose over a suggestion made by Rev. F. C. O'Meara of St. Mary's Episcopal church that all the ministers unite to carry noonday short services into Detroit factories.

The suggestion that most of the ministers and all they could do to look after their own churches was made by Rev. W. H. Vincent. It was then that Rev. Mr. Pence spoke of the difficulty of a wealthy church welcoming a workman.

By this time most of the ministers seemed to feel that the impressive season of prayer had stirred up such enthusiasm as to carry them pretty deep into a far-reaching proposition. It looked as though they were setting out in a practical way to turn the city of Detroit upside down, and there were several suggestions of caution. Rev. D. D. MacLaurin and Rev. J. M. Barkley suggested that it would be well not to have the enthusiastic discussions of the hour made public "until the movement might take more definite shape," but there was no formal expression of the conference on this point.

Rev. Pence Explains.

At last night's session of the conference the speakers were Revs. George Elliott, E. H. Pence and Nehemiah Boynton, their subjects being the relations between the church and the community. Dr. D. D. MacLaurin presided.

After the meeting Dr. Pence said that in his remarks of the afternoon

Gymnastics

Will do much to develop a muscular body. But the strength of the body is not to be measured by its muscle, but by its blood. If the blood is impure, the body, in spite of its bulk and brawn, falls an easy prey to disease.

There is no medicine equal to Doctor Pierce's Golden Medical Discovery for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

"I feel it my duty to write to you of the wonderful curative power of your 'Golden Medical Discovery,'" writes George S. Henderson, Esq., of Denard, Lee Co., Florida. "I had a bad bruise on my right ear and my blood was badly out of order. I tried local doctors, but with no good results. Finally I wrote you the particulars in my case and you advised your 'Golden Medical Discovery,' which I began to take. From the first bottle I began to feel better, and when I had taken eight bottles the sore was healed up. I wish you success."

relating to the reception of poor converts in rich churches, he meant merely to sound a general note of warning and call attention to a problem that exists. As far as his own church was concerned, he said that it had never been in a position to receive new members of any class so well as now. As a matter of fact, he said, different classes were working together now very nicely in the Fort Street Presbyterian church.

When asked if the same trouble would not be felt by a rich man entering a poor church as would be likely in the reverse case, he said that he did not think so, for the reason that the rich man would have the advantage of a superior point of view.

AMUSEMENT NOTES

The attraction at the Myers Opera house tonight will be the much heralded farce, "The Red Cat," which is its initial appearance in this city. Considerable interest is manifested in this approaching event by all lovers of good, clean amusement, for this farce is of a high class order with just enough "horse-play" to strike a proper balance to both paragon and gallery. The author is Mark E. Swan, who wrote "Brown's in Town" but this, his latest effort is generally conceded to be the funniest farce on the stage this season. It is not a hodge-podge of nonsense, cooked up for an evening's entertainment. It is presented by a good company of farceurs, including Mr. Swan, the author. This happy farce that has produced more laughter than any play on the road this season.

The announcement that the famous beauty show, "The Belle of New

York," is to be on view at the Myers Grand next Monday night will be welcomed by a great many theatergoers who will pay their respects to the Salvation army lassie when she will hold forth and receive as many converts as are willing to listen to her beautiful voice. The young lady in question is Miss Beulah Dodge, and she gives to her character a demureness and simplicity which at once

gains the hearts of her audience. E. J. Connelly, Arthur Deagon, George Tallman, Joseph Kane, James Darling, La Belle Daisie, Mae Sailor, Flo Perry, Grace Rutledge, are other favorites in the cast. "The Belle of New York" has never been approached by any other American theatrical product. In all, a record of 3,000 performances in three years in America, England, Australia and South Africa.

A single microbe contains the germ of the most malignant maladies. The blood is the means by which microbes are sent on their deadly mission. Small at first, the microbe soon becomes a giant. Hood's Sarsaparilla is the arch enemy of all germs of whatever nature. Its small doses master these microbes by dissolving and passing them off as refuse of the system.

PALE WOMEN

A Bloodless Face Indicates Trouble.

Watery Blood a Menace to Health.

WE KNOW HOW PALE PEOPLE CAN GET RICH RED BLOOD.

COME AND LET US TELL YOU ABOUT VINOL.

When blood is watery and thin, or, as doctors would say, lacks red blood corpuscles, it is a sign that much is radically wrong.

We would advise everyone who has such symptoms to start at once to take a proper remedy to overcome this trouble.

That remedy is Vinol, the greatest and most modern tonic and restorer. Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles extracted from cods' livers, the same elements that have made cod-liver oil famous for wasting diseases.

These medicinal elements are dissolved in a delicious table wine so that Vinol is most palatable.

None of the vile-smelling obnoxious grease that characterizes cod-liver oil and frequently makes it an impossible remedy for those who should take it, is found in Vinol.

We could relate many instances where Vinol has done good and restored the roses of health to the pale cheeks of the sufferer.

The following is a fair sample of the way people write in regard to Vinol:

"For several months I suffered lassitude and tired all the time. Also a sinking feeling in my stomach, which nothing would relieve, and I was pale and weak. As an experiment I tried Vinol and if I wrote pages I could not tell all it has done for me."—Mrs. A. K. LA PRUSCH, Amesbury, Mass.

Because we know Vinol so well, and because we know so surely what it will do, and how it will accomplish the good it does in a scientific way, we unreservedly endorse and recommend it, and in every instance guarantee to refund to any one what they pay us for Vinol if they do not find it entirely satisfactory.

DISASTER FOR THE BRITISH.

Gen. Botha May Have Annihilated an Entire Force.

London, Feb. 21.—Dread has filled England over the posting of one of the most ominous bulletins ever displayed at the war office. Twenty-five hundred British soldiers are missing in South Africa, and it is feared they have met with serious disaster, perhaps annihilation. The official bulletin simply says that the British officer commanding at Wonderfontein reports that he has been unable to communicate with General Smith-Dorrien and his force since February 6, when they engaged the enemy under General Louis Botha. In that engagement twenty-four were killed and fifty-three wounded on the British side. The Boers numbered 2,000 and fought with great ferocity, leaving twenty-five dead on the field.

May Be Annihilated.

The fight occurred at Bothwell, not far east of Pretoria, and the burghers probably surprised the column under Smith-Dorrien. Wonderfontein, whence the alarming report comes, is the nearest post on the railway telegraph. The desperate Boers, forced to wage a guerrilla warfare, have no St. Helena nor ships to transport prisoners, nor have they accommodations for a large body of captives, and, knowing this, the people of England fear most grievous tidings of the fate of the missing soldiers.

The last dispatch from Smith-Dorrien, published February 11, after censorship, was as follows:

"Louis Botha with 2,000 men attacked General Smith-Dorrien at Orange Camp Bothwell at 3 a. m., February 6. He was repulsed after severe fighting. General Spruit was killed, General Randemeyer was severely wounded, two field cornets were killed, twenty of the Boer dead were left on our hands and many severely wounded. Our casualties were twenty-four killed and fifty-three wounded."

Army Officers at Sea.

Army officers in London who have served in South Africa are unable to understand why communication with Smith-Dorrien's forces should be disturbed if the latter were in fighting condition.

To add to the grave apprehensions comes the rumor again that Dewet will raid Cape Town. Kitchener has apparently given up trying to catch the crafty Dutch leader and has returned to Pretoria.

Dewet's following in Cape Colony is said to be increasing daily and he now menaces the seat of British authority in South Africa, daring to do more than even Cronje and Joubert planned in the days of Boer successes early in the war.

Kitchener Completely Fooled.

Dewet completely fooled Kitchener when the British leader thought he had him surrounded near Dewar. A Cape Town dispatch says the Boer general has split his force into two divisions, one operating under Commandant Froneman in the south of the Orange River Colony. The other division, under Dewet and with guns, crossed the river between Colesburg and Hopetown.

The significant part of this censored dispatch is the final line stating that the present whereabouts of Dewet's force is not known.

Army officers who were seen at the clubs today shook their heads and said that Dewet had probably eluded the British forces again as he has so often done before, dividing his forces to reunite them later.

Chamberlain Is Scored.

London, Feb. 21.—Recent speeches delivered by Joseph Chamberlain, secretary for the colonies, in the house of commons have stirred up a liberal hornet's nest. The Echo this morning says: "This man's acid insolence will yet bring the empire to grief. Chamberlain would have supported George III. and Lord North had been minister in those days. Just such a temper is the colonial secretary now displaying as stripped us of our thirteen colonies and placed a damning blot on British statesmanship."

To Prevent Her Marriage.

Scranton, Pa., Feb. 21.—In the lunacy proceedings brought against Miss Jennie Howell, of this city, by her brother, Franklin Howell, the referee directed the jury to return a verdict that Miss Howell was sane. Miss Howell testified that her brother had wrongfully used her fortune of \$75,000, and was trying to prevent her marriage to further his own ends. Her marriage is now set for June.

Shot by Daughter, but Lives.

DOINGS OF THE LAW MAKERS.

ILLINOIS.

Wednesday, February 20.

Among the bills introduced in the senate was one by Senator Fowler defining kidnapping as a felony and providing for its punishment by imprisonment in the penitentiary.

The senate was in a humorous mood and for an hour it engaged in a discussion of Senator Davidson's bill, which excludes the dehorning of cattle from the limitations placed on the practice of veterinary surgery. The matter was amusing to every one except the author of the bill, who was surprised and mystified by the sudden and seemingly violent opposition to his harmless measure. He could not understand the situation until the debate closed, and those who had opposed it voted for it. Every one voted for the bill.

Among the bills introduced in the house were the following: By Cummings, to prohibit non-resident physicians from practicing medicine by proxy in this state. By Gould, to provide penalties for wife-beaters. The bill provides that "any person who shall brutally assault and beat his wife shall, upon conviction thereof, be sentenced to be whipped, not exceeding forty lashes, or be imprisoned in the county jail for a term not exceeding one year, or both, in the discretion of the court."

INDIANA.

Wednesday, February 20.

The house passed the bill which provides for a special tax of 1 cent on each \$100 of property for the support of free kindergartens. The bill applies to all cities of the state having a population of \$300. The bill establishing boards of children's guardians was also passed.

The congressional reapportionment bill, which makes Marion county a separate district, was also passed. It strengthens some of the republican districts, but does not make any radical changes, and four districts are left to the democrats, as at present.

The bill authorizing the construction of a ship canal from Lake Michigan to the Calumet river will be reported favorably in the house, as the result of a final meeting of the cities and towns committee. There will probably be a minority report also. The railroads have not given up the fight against the measure, and will attempt to throttle it when the amended measure returns to the senate. The state assentments for benefits being made against the property one and a half miles on each side of the canal.

Russia has adopted retaliatory measures and has added an increase of fifty per cent. to her duty on American machinery, steel and iron goods.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, rest. Take care of yourself. Your already weakened nerves want rest, and must have it. If the attack is severe go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause. Eat sparingly. Your digestive organs are in no condition to take care of the large quantities of food. Drink plenty of pure cold water. It alays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nervine per day, and if you cannot sleep take an extra dose at bed time. To overcome the fever and to overcome the peculiar aches and pains of the grip, use Dr. Miles' Pain Pills. They act quickly and effectually, and no bad effects result from their use. These remedies have been thoroughly tested more than a million times, and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store, and they are sold on a positive guarantee that the first bottle or package benefits or money refunded.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail, Trial Size, 10 cents by mail. ELY BROTHERS, 50 Warren Street, New York.

If I had Grip I would use Dr. Miles' Pain Pills and Dr. Miles' Nervine.

An Exceptional Lake.

An interesting exploration of Lake Tanganyika and the country north of it, finished recently, revealed the fact that while certain sea molluscs are found in this lake, it is the only one of all the large African lakes in which such phenomena are observed. This lake is only a short distance, some eighty miles, from the great Congo basin, much of which, without doubt, was once covered by the sea.

Method of Cleaning Jewelry.

Jewelry can be most successfully cleaned by washing it in hot soapsuds to which a few drops of ammonia have been added. Then shake off the water, rinse in alcohol, rub the articles dry and then drop in a box of jeweler's sawdust. This method leaves neither marks nor scratches, and gives great brilliancy to both jewels and gold and silver.

Home-seekers' Excursions via. C. M. & St. Paul R'y.

March 5 and 19; April 2 and 16; May 7 and 21; and June 4 and 18, good for 21 days, to points west, south and southwest; at one fare plus \$2 for the round trip. Further particulars at passenger depot.

When Well Known Janesville

People Tell It So

Plainly.

When public endorsement is made by a representative citizen of Janesville the proof is positive. You must believe it. Read this testimony. Every backache suffered, every man, woman or child with any kidney trouble will find profit in the reading.

Mr. John Stetson, of Hotel Myers day clerk, says: "A physician pronounced my trouble kidney complaint. If the severe pain across the small of my back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks, sometimes virulent, sometimes a dull grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co's drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date I have not noticed any recurrence of my old trouble."

Sold by all dealers. Price, 50 cents. Foster-McMunn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

FUNERAL SERVICE OF FREDERICKS. ELDRED

LARGE ATTENDANCE OF NEIGH-
BORS AND FRIENDS.

Rev. R. C. Denison Assisted by Rev.
Dr. Brown of Beloit—Number of
Friends and Relatives from Out of
Town—Long List of Honorary Pall-
bearers—Profusion of Flowers.

A large assemblage of friends
and neighbors attended the funeral of
F. S. Eldred at two o'clock today.
The services were conducted by the
Rev. R. C. Denison assisted by the
Rev. Dr. Brown of Beloit.

Dr. Brown spoke of the deceased
from the standpoint of a personal
friend. In compliance with a request
of Mr. Eldred who arranged all of
the funeral, the ordinary music was
omitted and Mr. Denison in its place
repeated selections from Browning
and Whittier. His remarks were on
the dignity and beauty of old age as
illuminated by the light of Christian-
ity, concluding with Tennyson's
Crossing the Bar.

The flowers were very beautiful and
in lavish profusion there being a num-
ber from the societies in the Congre-
gational church and from old friends
and associates in business.

Among those from outside present
were: Mr. and Mrs. Warner, Grand
Rapids, Mich.; Mr. Magie, Milwaukee;
Dr. Hoyt of Pan Pau, Ind.; Mr. Luc-
ian Hoyt of Denver and Mr. and Mrs.
Sayers of Fulton.

The pall bearers were as follows: A.
P. Lovejoy, Hamilton Richardson, Edw.
Ruger, L. B. Carle, A. A. Jackson, J. T.
Wright, A. J. Ray, S. B. Lewis, A. H.
Sheldon, E. G. Kifield, David Jeffis, J.
C. Echlin, Wm. Ruger, A. J. Cunningham,
James Mount.

Use active bearers: Stanley Smith,
Wm. Bladon, J. G. Kexford, Thos.
Howe, F. F. Lewis, A. E. Matheson.

Funeral of Fred Young.

The remains of the late Fred Young
arrived from Albuquerque, New Mex-
ico, yesterday afternoon at 2:15 o'-
clock and were taken at once to the
home of his father, R. P. Young, No.
8 Fifth avenue. On account of the
body not arriving sooner the funeral
was postponed until Friday afternoon
at 2 o'clock. A letter was received
from Mr. Maxon of Milton who is so
journing in New Mexico for his health,
that he died of pneumonia, being sick
but a week.

He was given every care by the Odd
Fellows of Albuquerque from the
time that he was stricken until he died.

Many beautiful floral designs had
been sent to the home of the deceas-
ed's parents, among them being de-
signs from the Unique club, fire de-
partment and the New Doty Works.

A number of relatives and friends
from out of town have arrived to attend
the funeral among them being Mr. and
Mrs. Lou Morgan of Perry, Ia., Mr. and
Mrs. James King and Mrs. Taylor of
Milwaukee.

Funeral of Mrs. Hanson.

All that was mortal of the late Mrs.
Thorwald Hanson was tenderly laid
at rest this afternoon in Oak Hill
cemetery. The services were held
from the home at 2:30 o'clock and
from the Presbyterian church at 3
o'clock. In the absence of the Rev.
J. T. Henderson, Rev. W. A. Hall of
the Court Street Methodist church of-
ficiated. His remarks brought tears to
the eyes of the large number of rela-
tives and friends who assembled at this
time. There was a profusion of beau-
tiful flowers sent as a last token of
the esteem felt for her. The pall
bearers were: Henry Hanson, Chas.
Hanson, Martin Hanson, James Sel-
kirk, John Smith and Alexander Buch-
anan.

Frank Mooney's Funeral.

The funeral services over the remains
of the late Frank Mooney were held
this morning at 9:30 o'clock from St.
Patrick's church, the Rev. Dean McGin-
nity officiating. Numerous friends of the
deceased gathered at this time, and
many handsome flowers were sent by
relatives and friends. The interment
was at Mount Olivet cemetery, the pall
bearers being: John Cullen, John Han-
lon, Leo Rooney, Jerry Sullivan, John
Kehoe, and Wiche Rooney.

Arthur L. Primo Dend.

Arthur Lawrence Primo, the two
months' old son of Mr. and Mrs. Frank
Primo of No. 60 Palm street, died this
morning at 10 o'clock, at the home of
his parents, of inflammation of the bow-
els. The little one was the light of the
family circle, and the afflicted parents
have the sympathy of the community.
The funeral will be held Friday after-
noon at 2:30 o'clock from St. Patrick's
church. Interment at Mt. Olivet cem-
etery.

Mrs. Joseph Lightner.

Mrs. Joseph Lightner, wife of Joseph
Lightner, of the Golden Eagle clothing
store, died this afternoon at her home
on South Main street, after a short ill-
ness with rheumatism of the heart. The
many friends of Mr. Lightner extend
their heartfelt sympathy to him in his
time of affliction. Funeral notices will

and cost from \$30,000 to \$35,000.

KIRBY WHEELER

IS IN HARD LUCK

Kirby Wheeler who was so badly
injured by falling from the roof of
Soverhill & Porter's warehouse last
fall, received another bad injury this
morning. He was coming down the
hill on Prospect avenue near Ex-Mayor
Thoroughgood's house when he slip-
ped and fell on the icy sidewalk, strik-
ing on his knee and breaking the knee
cap loose. This is the same leg
that was injured in his other accident
and it is feared that it will not unite
again but will leave him with a crippled
leg. This is very unfortunate for Mr.
Wheeler as he had just recovered from
the other accident which kept him
in the house for three months and
this means that he will be laid up for
three months longer.

HISTORICAL VIEW OF CITY LIBRARY

HEROIC STRUGGLES OF PUBLIC
SPIRITED WOMEN.

Growth from the Young Men's Associa-
tion Library Established Nearly
Forty Years Ago—Just Saved from
Going to Beloit—Turned Over to
Municipal Control in January, 1884

Something like thirty-five years
ago a collection of books was to-
gether by a number of the young men
of Janesville and christened the Li-
brary of the Young Men's association.
It was housed on the second floor
of the Buob brewery and was reached
by a lattice covered stairway looking
on the river.

Mary Jane Holmes was there in
force and ran neck and neck with
Mrs. E. D. E. N. Southworth, while
Mrs. Wetherell and Marion Harland
followed at their heels. Louis Muh-
bach was a prime favorite, as was
Dumas Pere, Eugene Sue and Victor
Hugo. "Under Two Flags" and Ovi-
da's earlier productions were in brisk
demand and Dickens was worn to
shreds. When innocents abroad,
bound in calf, appeared it had to be
watched closely for days in advance
and was grabbed for as if it were
the Orloff diamond.

Of course, there were other books
and plenty of them, good and less so,
but those already listed held the lead
for years. The library was main-
tained by annual dues of \$3 per year
and was open two or three days each
week. This was the nucleus of the
present city institution.

The First Librarian.

It was served as librarian for years
by Miss Libbie Chase and when she
married and left the city the position
was offered to Mrs. L. S. Best: this in
'79 or '80.

George Sutherland and Jos. Doe
were among the active agents in the
association which as may be magin-
ed, did not coin money. One day
Mr. Sutherland announced that the
library could not meet its obligations
and was to be sold to Beloit for some-
thing like \$150.

This came as a shock to a number
of ladies who had been accustomed to
libraries elsewhere and recognized the
value of the local institution. They
prevailed upon the association officers
to grant a stay of proceedings while
they met and formulated plans to hold
it here.

Money was the first requisite and
they went forth armed with subscrip-
tion lists which were not returned
blank. One devoted soul tackled
a leading attorney and asked what he
would give toward keeping the li-
brary in Janesville.

"Not a dollar. Go home, woman
and save shoe leather. Have I not
walked these streets for years trying
to awaken interest in the library, and
have I succeeded? No. Go home;
go home."

The First Subscription.

She thanked him for his words of
cheer and went on gunning for sub-
scriptions.

H. S. Woodruff gave the first \$25.
Others followed and a few hours later
she had money or pledges amounting
to nearly \$100. Shortly after she
met the original man and called out
briskly, "I have collected \$75 this af-
ternoon."

He gave her a pitying smile and for
a moment entertained the thought
which has since crystallized into the
Home for the feeble minded at Chip-
pewa Falls.

Others animated by the same pur-
pose accomplished similar results
and when the ladies felt the ground
fairly solid under their feet they called
a meeting at the Myers house on Nov.
3, 1882 and perfected an organization
under the name of the Janesville Li-
brary association with the following of-
ficers: Pres., Mrs. Sarah F. C. Lit-
tle; vice pres., Mrs. S. C. Guernsey;
treas., Mrs. Hamilton Richardson; sec.
Mrs. H. S. Hogoboom.

An executive committee was ap-
pointed consisting of Mesdames A.
H. Sheldon, W. D. Hastings, L. S. Best,
A. D. McHenry and G. W. Hawes.

This committee together with the
officers constituted the board of di-
rectors. The president also appointed
a committee from each ward as fol-
lows: First ward, Mrs. J. W. Nash;
Second, Mrs. Jno. Watson; Third, Mrs.
C. B. Conrad; Fourth, Mrs. A. J. Glass;
Fifth, Mrs. E. Rich.

The new library association then
purchased all of the old books, fix-
tures and good will for \$150.90 and
started out square with the world and
with over \$200 cash balance. Thus
was the present provided for, but ah!
the future.

Membership Kept Increasing.

Still the membership was increasing
steadily and the best people and es-
pecially the best women of the city
rallied to its support. Suggestions
for raising revenue were receivable
and many were made and were of
value. Col. Burr Robbins offered
the association the receipts of the
two local entertainments of his circus
if the ladies would agree to keep it a
free library and would sell a certain
number of tickets. If they fell below
the number they could have the re-

turns from only one entertainment but
could select which one.

Then there was occupation for the
ticket sellers. Little folks now grown
to young ladies and young gentlemen
were pressed into service and society
ladies expatiated upon the charms of
the hippopotamus and the value of
athletic exhibits as educational fac-
tors.

They fell some below the limit but
they sold over 1,300 tickets and received
for their efforts over \$750 which
paid them well. Next Miss Minerva
Guernsey gave a dramatic entertain-
ment for the library; Mrs. Noon, a
teacher of elocution, a literary and
musical evening; Miss Helen Porter
on entertainment of similar character.
The roller skating rink one of its
prize contests and Mrs. J. B. Minor,
the receipts of the cake committee at
the county fair.

How Room Was Furnished.

The ladies meanwhile had taken
from their own household equipment
what they could spare in the way of
furnishings and begged such things
as chairs, tables, wash basin, mirror,
etc. from those who had more than
they needed. The new location was
in the back part of the Bennett block
the old Concordia rooms which they
leased for \$120 per year. Mrs. Best
was engaged as librarian at a salary
far from princely and did the janitor
work.

So matters went on for over a year.
New books and magazines were
bought, pictures donated, the furni-
ture increased by occasional gifts,
and the influence of the institution was
beginning to make itself felt.

City Takes the Library.

In January of 1884 it was decided
to offer the library to the city which
was accordingly done and the associa-
tion turned over to municipal own-
ership 2,403 volumes for circulation, 544
for reference, 350 pamphlets and pe-
riodicals together with all of the fur-
niture and other paraphernalia.

When Pliny orcross built the Phoe-
bus block he built the library where
it has remained from the day of
moving up to the present hour. It
has served its purpose but its day
has departed if a better judgment can
be secured and to this end efforts are
being made in the hope that it will be
ultimately housed in a building of
its own and that the building may be
of such size and style as to be a per-
manent ornament to the city.

NEWS OF A PERSONAL NATURE

A. J. Van Anker of Beloit, was in the

J. L. MAHONEY MAY MOVE TO MINNESOTA

It is reported that J. L. Mahoney will
give up his law practice and other busi-
ness in this city and will move to Min-
neapolis, where he has formed a part-
nership with Judge Corrigan, a former
partner. The new firm have rented a
suite of rooms in the New York Life
building in Minneapolis and will furnish
them at once preparatory to opening up
for business.

Mr. Mahoney has a large number of
friends in this city who will be sorry to
hear of his contemplated removal. Dur-
ing his residence in this city Mr. Maho-
ney has made many friends and has
built up a fine law practice. He is a
bright man and a first-class lawyer, and
there is no question but that he will be
successful in his new home.

TELEPHONE COMPANY WILL RESUME WORK

TO FINISH PLANT COMMENCED
LAST FALL.

The Rebuilding When Completed, Will
Cost Over Fifty Thousand Dollars—
More Than Forty Thousand Has
Already Been Spent, and Ten Thou-
sand Dollars More Will Be Needed

The Wisconsin Telephone company
will resume the reconstruction of their
system in this city at once. On ac-
count of financial difficulties the re-
building of the system was dropped
last January and all the men were dis-
charged. Janesville was not the only
city where work was being done and
discontinued, but men at work in all
parts of the state were called in.

Matters have now been adjusted and
the work of finishing up what has
already been done will be taken up
at once. Foreman W. F. Harter ar-
rived in the city today from Milwaukee
and immediately set to work to get
his men together preparatory to go-
ing to work.

Supplies sufficient to finish up all
the work in this city have been ship-
ped from Milwaukee. Improvements
on the plant so far have cost nearly
\$50,000. It is estimated that it will
take at least \$10,000 more to finish up
the work. So far only the lines in
the central portion of the city have
been built and the construction crew
will now begin work on all lines radiat-
ing from the central portion, where
cables have been strung.

Numerous improvements will also
be made in the office. A new west-
ern electric, multiple switch board
that has a capacity of eight hundred
connections has arrived and will be
installed at once. When these im-
provements are completed the Wis-
consin system in this city will be one
of the most up-to-date plants in the
state.

A curious instrument called a cal-
agraph is used in this office to
measure the amount of time con-
sumed by subscribers when using toll
lines. It is operated by electricity
and measures the time used with
great accuracy. When a connection
is made with an outside town and the
parties start their conversation, the
operator in the office presses a lever
which starts the machine and prints
on a slip of paper, which has been
inserted in the machine, the exact
time when the conversation started.

When the conversation is finished
another lever is pressed by the opera-
tor and the time the conversation ended
is recorded on the slip. By the
use of this machine the operator is
enabled to tell exactly how much
time was consumed in the transmis-
sion of the message without the use
of a clock or watch, the hours and
minutes being pointed on the face of
the slip.

This is but one of the numerous
devices used to simplify the work of
operators that may now be found in
all first class offices.

EXCITING SCENE IN HOUSE.

Hot Words for Lentz by Representative Cannon.

LENTZ CHARGES CORRUPTION.

Question of "Jumping on a Dead Man"—Senate Votes in Favor of Pneumatic Tubes—Civil Government for Philippine Islands Considered.

Washington, D. C., Feb. 21.—"Protected by his position in the American congress, the gentleman from Ohio has uttered words which if he had uttered as an American citizen in the Philippine islands he would have been subjected to drumhead court-martial and sentenced to be shot—and properly so."

This startling statement was uttered with emphasis by Representative Cannon (Ill.) on the floor of the house. It was in reply to charges which had just been made by Representative Lentz (O.) that our soldiers in the Philippines were under orders to practice barbarities on non-combatant Filipinos. The house was kept in a ferment during the heated controversy, which began when Mr. Lentz had read a paragraph from a newspaper reporting the death of Charles Lyland, territorial judge of New Mexico, who was at one time a member of the Ohio legislature and who, the newspaper said, voted for Mr. Hanna for United States senator. With this paragraph as a text Mr. Lentz attacked corruption in high and low places, charging that a judicial place had been given Mr. Lyland in return for his vote for United States senator. Mr. Steele (Ind.) made the point of order that Mr. Lentz was not speaking to the subject under consideration, but was "jumping on a dead man."

"I am not jumping on a dead man," replied Mr. Lentz, "but on a man who is so alive that he will ride down Pennsylvania avenue with the president one week from Monday."

In Favor of Pneumatic Tubes.

The senate, by a vote of 54 to 16, decided in favor of retention and extension of the pneumatic tube service. The debate was prolonged, and participated in by many senators. Mr. Mason of Chicago appeared as the champion of the service. It developed that a majority of the postoffice committee favors extending the system, but a few senators, including Mr. Wolcott, the chairman of the committee, and Mr. Hale are unalterably opposed to it, and are filibustering by points of order to defeat the wishes of a majority. Mr. Hale declared it to be a gigantic lobbying enterprise and said that the corridors of the capitol and the streets to his residence were lined by lobbyists importuning him.

Spooner's Bill Is Reported.

Senator Spooner's bill authorizing the president to establish civil government in the Philippine islands, which is drawn in almost identical language as the measure under which President Jefferson governed the Louisiana territory, was adopted by the senate military committee as an amendment to the army appropriation bill. It will be taken up for consideration as soon as other appropriation bills ahead of it are disposed of.

Names Shafter for Promotion.

The president sent this nomination among others to the senate: Army of the United States: To be major-general, Brig.-Gen. William R. Shafter, U. S. A., retired (major-general U. S. V.).

Dairymen Choose Officers.

St. Paul, Minn., Feb. 21.—The delegates to the ninth annual convention of the National Creamery Buttermakers' association resumed business, the morning being devoted to technical papers. The convention adopted resolutions favoring the Great bill, now pending in congress. The present plan seems to be that Kansas City will secure the next convention, while that of 1903 will go to Milwaukee. Ex-Gov. W. D. Hoard of Wisconsin delivered an address Wednesday night, and the following officers were re-elected by acclamation: President, George E. Haskell, Lincoln, Neb.; vice-president, Leland Griffin, De Smet, S. D.; secretary and treasurer, E. Sudendorf, Elgin, Ill.

Fatal Affray at Springfield.

Springfield, Ill., Feb. 21.—William Neal, colored, was mortally wounded by Daniel Peddicord, a farmer. Neal can live only a few hours. Peddicord was lodged in jail. He claims self-defense. Peddicord and Neal had some trouble a few days ago and the farmer says Neal came to his home at noon and renewed the quarrel. A fight ensued. Peddicord drew his revolver, shooting Neal in the head. Neal was a former member of the police force and is the proprietor of a saloon.

Charged with Aiding Rebels.

Manila, Feb. 21.—At Pagsanjan, province of Laguna, yesterday, Lieutenant Vaughan of the Thirty-seventh Infantry arrested Fernando Rustan, general agent of the Tabacalaria company, on the charge of having aided the insurgents. Abundant documentary evidence against the prisoner has, it is asserted, been secured.

Body Is Found in a Trunk.

Peterboro, Ont., Feb. 21.—A trunk

which was supposed to be empty was shipped from here to Kingston by William Patterson, a medical student at Queen's university. Suspicion became aroused, and the trunk was opened. It was found to contain a human body. Patterson was arrested at Belleville.

Now President for "Q."

Chicago, Feb. 21.—George B. Harris has been elected to the presidency of the Chicago, Burlington & Quincy railroad system, succeeding C. B. Perkins, resigned. Mr. Harris, who at present is second vice-president of the big western system, having the operating department under his charge, will assume the duties of the higher office immediately. Other important changes in the management of the road will result from the retirement of Mr. Perkins. Either W. C. Brown, general manager of the Chicago, Burlington & Quincy proper, or G. W. Holdrege, general manager of the Burlington & Missouri River division of the system, will succeed to the vice-presidency.

Dying Man Stops His Train.

Columbus, O., Feb. 21.—A most remarkable display of nerve and decided presence of mind was shown last night by Victor Fisher, a Panhandle brakeman, who, while lying beside the railroad track in the country, with the mercury hovering around zero and with both legs cut off between his knees and ankles, placed a torpedo on the track and stopped the second section of the train which ran over him. Fisher fell under the wheels while trying to walk across the tops of the cars. He was brought to this city, where he died in the hospital shortly after his arrival.

Paper Companies to Unite.

Montreal, Feb. 21.—There are prospects of great activity in pulp and paper manufacturing in Canada during the coming season. The smaller companies in the province of Quebec and eastern Ontario are to be amalgamated into one large company. The Consolidated Pulp and Paper company of Toronto, Limited, incorporated under the Ontario companies act, is about to seek incorporation under the companies act of the dominion government with a capital of \$2,500,000, with the power to increase it to \$5,000,000 if necessary.

Depositors Promptly Paid.

Pittsburg, Feb. 21.—The run on the German National bank of Allegheny was continued today. When the bank opened at 9 o'clock this morning there was a line of depositors waiting to get their money. Two policemen were on duty, but there was an absence of the exciting scenes of yesterday afternoon, and the depositors desiring to withdraw their funds were paid as promptly as the tellers could wait upon them.

Roosters often crow over eggs they did not lay.

Same with people who sell an imitation Rocky Mountain Tea, made famous by the Madison Medicine Co's advertising. 35c. Sold at Smith's pharmacy, Koutak agents, next to postoffice.

Death of T. F. Wood.

New York, Feb. 21.—T. F. Wood, second vice-president and treasurer of the United States Express company, died in this city of pneumonia. He had been ill about ten days.

WHY MRS. PINKHAM

Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances.

Those things are known only to women, and the aid a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician.

Mrs. G. H. CHAPPELL.

She cannot bring herself to tell everything, and the physician is at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to Mrs. Pinkham, and whose advice has brought happiness and health to countless women in the United States.

Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to seek Mrs. Pinkham's advice and use Lydia E. Pinkham's Vegetable Compound, as they cured her of inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. Mrs. Pinkham's address is Lynn, Mass., and her advice is absolutely free.

EIGHT MEN HANG A NEGRO.

A Lynching at Mena, Ark., by a Mob.

TOOK VICTIM FROM JAIL.

Another Mob Hauls Up a Negro Five Times at Dyersburg, Tenn.—Topeka Mob Wants Vengeance—Mob at Wichita, Kan., Wants Schoolmaster.

Mena, Ark., Feb. 21.—A mob of eight determined men took Peter Berryman, a desperate negro, out of the city jail at 1 a. m. and hanged him to a tree. The crime for which Berryman was hanged was an assault on a 12-year-old girl, whose condition is critical. The masked men met Night Officer Al Jones and compelled him, at the point of guns, to hand over the keys and his revolver. Two were left to guard Jones, while the other went to the jail and secured the negro. About 2 o'clock they returned where the officer was being guarded and gave him his keys and gun. Then the men disappeared without a word. About two months ago this negro attacked an engineer with an ax, nearly killing him, and has been guilty of numerous other offenses.

Haul Up a Negro Five Times.

Dyersburg, Tenn., Feb. 21.—A mob took Bebee Montgomery from the jail at Dyersburg and swung him up to the limb of the famous "Mike Lynching tree" five times, letting him down each time he was hauled up, to make him confess his complicity in the assault, with Fred King, on Miss Alice Arnold. The negro denied his guilt. Finally the mob carried him back to the jail more dead than alive and delivered him to the jailer. The mob was led by an organized vigilance committee. The mob decided not to lynch Montgomery until the third guilty negro was found whom King implicated in his confession. This negro is being sought for by detectives. The vigilance committee swears when he is found that the two will be lynched together. There is hardly any doubt that Montgomery will be lynched this week. In his confession King said that they had slated five of the best known young women of Dyersburg for assault, and this horrible plan is causing the spirit of vengeance among the citizens. A number of negroes were whipped out of Dyersburg last night.

Topeka Jail Is Surrounded.

Topeka, Kan., Feb. 21.—A mob of 1,000 angry men gathered in front of the county jail for the purpose of lynching "Slick" Slater, a white man under arrest for an assault on a white girl, Lottie Goerbrink. Slater is 24 years old and the girl is 17. The mob was composed for the most part of railway men, who were frantic in their efforts to obtain vengeance on the prisoner, who had been positively identified by the girl. Firearms, clubs, pitchforks and knives were in the hands of the crowd and cries of "lynch him," "burn him," "hang him," could be heard. The men were provided with rope and Slater would have been dragged to death in short order if found. When told that the man had been spirited away the mob cried: "We'll get him at the trial."

Mob After a Schoolmaster.

Wichita, Kan., Feb. 21.—Sheriff Gano of Medicine Lodge has fled to Anthony with Prof. Hamlin, to prevent him from being lynched. Hamlin, who is a country school teacher 22 years of age, is charged with assaulting a 9-year-old girl named Greaver. Hamlin boarded at the home of the Greavers, who are influential, and the girl was his pupil. It is thought that the mob, which is made up of Barber county farmers, may follow Hamlin to Anthony, in which event they will surely get him, as the Harper county jail is a weak concern.

May Lynch Two Kidnappers.

Petersburg, Ind., Feb. 21.—Two children, Leonard Duwese and Mattie Barnes, aged 12 and 14 years respectively, children of wealthy farmers, living five miles south of here, were enticed away from their homes by a strange man and woman in a buggy. Some neighboring farmers saw the children in the buggy with the strangers, and, although they thought it queer, gave the matter no further thought until it was learned that the children had been kidnapped. Officers and the farmers from the surrounding country are searching for the kidnappers and lynching is talked of.

Formaldehyde in Oysters.

Columbus, O., Feb. 21.—Formaldehyde has been discovered in the oysters which caused the death of Charles Burnett, a railroad brakeman of this city, last Saturday. Burnett ate supper in Toledo Saturday. The use of formaldehyde has become general in Ohio among dairymen, butchers and other dealers in perishable foodstuffs, and the commissioner has instructed his deputies throughout the state to make a thorough investigation.

Death of An Illinois Recluse.

Murphysboro, Ill., Feb. 21.—August Clay, 66 years old, died in St. Andrew's hospital here from blood-poisoning. His wife died about a year ago, and since then he had lived alone in a little hut on his farm two miles south of here. He is thought to have had several thousand dollars buried in the lot surrounding his home.

Late Pennsylvania Senator.

Francis A. Osborn, one of the Philadelphia members of the Pennsylvania senate, died at his home recently of pleuro-pneumonia. He had gone to Harrisburg a few days before to take part in the senatorial battle, and it is thought that his hard work there aggravated his disease and hastened his death.

American Wealth.

In the last ten years the United States has increased its wealth \$26,000,000,000, which makes the wealth of the nation \$91,000,000,000. This gives an average per capita wealth of \$1,195. This is not so great a per capita wealth as Great Britain's, for her figures are \$1,300 for each inhabitant. But her aggregate wealth sinks into the background before ours, for she has only \$50,000,000,000 against our \$91,000,000,000. Her increase in wealth in ten years is \$19,000,000,000, as against our \$26,000,000,000. The increase in wealth in this country in the last ten years has been \$337 for each inhabitant.—New York Press.

Failure of Lyddite.

The high explosive lyddite, which was used extensively by the British in the South African war, is now said to have been deficient in several important respects, and it is said that few of the shells fired from the fieldpieces exploded satisfactorily.

PERSONALS.

Mrs. E. P. Green has recovered from an attack of the grip at Canasraga, N. Y., by the use of Dr. Miles' Pain Pills.

Among the victims of the grip epidemic now so prevalent, F. Coyle is recovering at Canton, O., by the use of Dr. Miles' Nerve and Pills.

W. E. Nihells, of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nerve and Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip, at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Pills.

Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nerve was what cured him. At nearly three score and ten Mrs. Galen Humphrey was fighting against odds when the grip attacked her, but she took Dr. Miles' Nerve, and now her neighbors at Wareham, Mass., remark on how well she is looking.

Prosecuting Attorney Charles L. De Waele, who has passed the three-score mile stone, had a time with the grip; but when seen at his home in Roscommon, Mich., the other day, he said Dr. Miles' Nerve was what cured him.

After an illness of five weeks from the grip, Mrs. Harriet Jackson is again about and looking fine. She began taking Dr. Miles' Nerve after the fourth week. Her home is in Bowling Green, Mo.

"I was given up to die from heart and nervous troubles caused by grip. Six bottles each of Dr. Miles' Heart Cure and Nerve cured me."—Mrs. John Wolcott, Jefferson, Wis.

THE ACTIVE YANKEE.

HE IS A GREAT PRODUCER OF AUTOMATIC MACHINERY.

His Accomplishments During the Nineteenth Century Will Be Illustrated in a Comprehensive Manner at the Pan-American Exposition.

The Machinery and Transportation features of the Pan-American Exposition promise to be of superior interest. The inventive Yankee has for a hundred years been particularly active in producing machinery. Every year adds new laurels to his well decorated brow, and he can but marvel at his own progress. In recent years he has been particularly active in producing automatic machinery. It is said that with the first steam engines it was necessary to have a boy work the eccentrics. One day a particularly bright boy who preferred play to work threw himself out of a job by fixing the eccentrics to work automatically. American inventive genius has been building more and more of a class of machines that will feed themselves and perform their intricate work without other attention than starting and stopping.

The Machinery Exhibits will include the most modern agricultural machinery and appliances. There has been

WHAT A BRIDAL COUPLE SAW

Wonderful Objects of Interest Added to the Many Features at Niagara Falls.

In 1884 Herbert Wilson, whose home was in an adjoining state, visited Niagara Falls on his wedding trip. On leaving the hotel he took his bride to the park, so that she might drink in the full beauty of the great cataract. The highest hopes of both were realized, and their hearts were happy. Both felt nothing could interest them more than that beautiful scene. Fifteen years later Mr. and Mrs. Wilson again found themselves at the Falls. When they were there before, there was a charge to view the Falls. Now it was free. However, Mr. Wilson's order to the cabman when he left the hotel was to drive to the big power house. In the years that had elapsed since his marriage Mr. Wilson had become interested in the industrial growth of the country. He was alert to the possibilities of the electrical development, and on this second trip to the Falls the thing he wanted to look upon first was the wonderful power station.

It is so with thousands. The Niagara power development has set the world to thinking on this subject. From all sections, from all countries, men travel to Niagara to view the installation in the central station of the Niagara Falls Power company and in the station of

THE GREAT MIDWAY.

AMUSEMENT PALACES AT THE PAN-AMERICAN EXPOSITION.

The Pick of Many Hundreds of Attractions Offered Will Be Seen at Buffalo Next Summer—Concessionaires Picking Up Novelties.

From the character of the exhibitions chosen it can safely be promised for the Pan-American Midway that there will be more fun—good, clean, wholesome fun, too—on this street than any similar adjunct of an exposition ever occasioned before. But though a little nonsense now and then is relished by the best of men it must not be supposed that these Midway exhibitions will be all nonsense. Far from it. Many of them will be eminently educational, without at all detracting from their entertaining character. This will be especially true of such exhibitions as the Streets of Mexico, the Hawaiian Village, the Japanese Village, Old Nuremberg, the Beautiful Orient, the Indian Congress, the unique concession called Venice in America and several others representing life in different quarters of the globe and curious native customs and institutions. The same kind of education as is to be obtained through foreign travel will be imparted by such exhibitions as these. For instance, there is infinite instruction in contemplation of the wonders of nature, and when they are reproduced so well as the Hawaiian Volcano, which began its eruptions on the Pan-American Midway some time ago, there is no better way one could spend time than in seeing such sights. The great volcano of Kilauea has inspired eloquent description by some of the most brilliant of writers in both prose and verse, and the lamented Robert Louis Stevenson was powerfully moved by its strange phenomena and weird but oftentimes beautiful aspect. Hawaii, though now a part of the United States, is still a long way off for most of us, and it is very fortunate the Pan-American management has provided a way for us to see just how this volcano appears without taking the long trip half way across the Pacific, for otherwise the great majority of us would never enjoy seeing a volcano.

The Pan-American concessionaires are resorting to every possible device that can be conceived in order to carry out their illusions and surprise and mystify the visitor. For instance, one is searching the globe to find queer animals to put in his city of the moon, which Exposition visitors will have an opportunity to see by taking his Trip to the Moon by the airship Luna.

One of the educational features of the Pan-American Midway, and a feature which is also highly artistic, is Cleopatra's Temple, which is being prepared by Mr. Alonzo Lincoln, owner of the famous painting called Triptych. This concession is entirely a new idea and is sure to be regarded as a very high class feature of this part of the Pan-American. The building itself, which is now nearly completed, is one of the most artistic structures on the grounds and is destined to earn the title of Gem of the Midway. In this building will be the great paintings of Ashley D. M. Cooper illustrating the principal events in the life of Egypt's great queen. Mr. Cooper receives \$15,000 for painting Cleopatra, which is less than he would have asked were it not for the fact that he was anxious to have a great picture at the all-American Exposition at Buffalo. He believes that his latest work will surpass anything which has yet come from his brush.

The Indian Congress will occupy more space than any other Midway concession, as there will be some 500 persons, including chiefs, squaws and papooses, in the Village. It has a frontage of 440 feet on the Midway.

The assemblage of Indians will include many noted chiefs, and the programme of entertainments will be varied and exceptionally exciting. There will be sham battles between the Sioux and their allies on one side and the Blackfeet and their allies on the other. Before the hours of the battles bands of mounted Indians, in all the glory of war paint and feathers, will be seen passing and repassing the spectators' seats, chanting their war songs. The drama that ensues will be a lifelike representation of Indian fighting, the programme following closely the actual methods and customs of the Indians when going forth to do battle against their enemies. Later on in the programme will come the various Indian dances. The San Carlos Apaches will be seen in their Medicine Dance, in which they wear their peculiar head-dress. Corn dances, ghost dances and dog feasts and all typical Indian customs will be carried out just as they are performed by the Indians of the plains of the west today.

Mr. Gaines, who is now gathering material for this great exhibition has had 17 years' experience with the Indians and was at the famous battle of Wounded Knee.

Another western feature at the Pan-American which will be presented on the Midway will be a facsimile of a Colorado gold mine. This will picture the busy scenes in and around one of the gold mines typical of the great mining state of Colorado.

EDWARD HALE BRUSH.

European Excursions to Pan-American.

The most important foreign excursion agencies in Europe are organizing excursions to the Pan-American Exposition. Their programmes are being received at the Bureau of Publicity, and the leading features of the Exposition are cleverly displayed for the benefit of continental readers. The great electrical features and Niagara Falls are prominently mentioned in their literature.

AN ARTISTIC DESIGN.

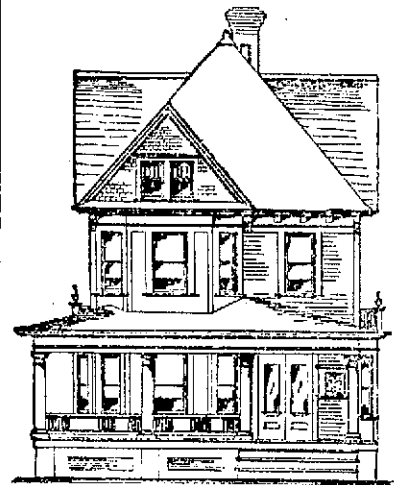

Convenient and Modern in Every Respect—Costs \$2,700.

[Copyright, 1900, by George H. Hitchings, architect, 1200 Flatbush avenue, Brooklyn.]

In designing a house it is the easiest thing in the world to make a plan that will be very artistic exteriorly and well arranged interiorly when the question of expense does not arise. But when you come to getting up a house convenient and modern in every respect, limited to a small amount of money, it requires a great deal of careful study.

The design herewith presented is remarkably well planned, very attractive on the outside and costs only \$2,700 to build complete, as follows:

Dimensions—front, 22 feet; side, 26 feet, with an extension kitchen 10 feet 6

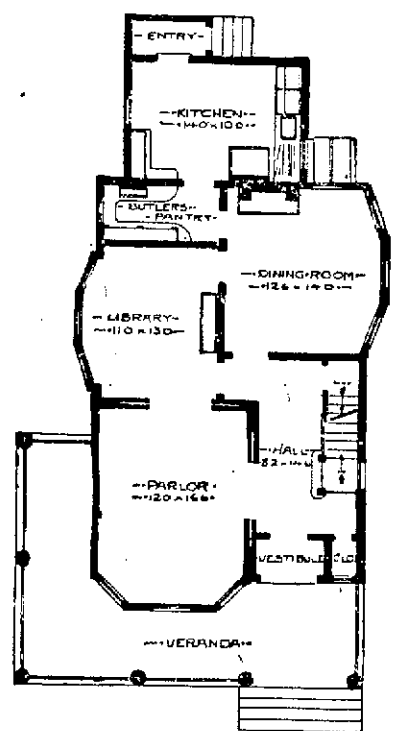

FRONT ELEVATION.

Inches by 15 feet; heights of ceilings—cellar, 7 feet; first story, 10 feet; second story, 9 feet 6 inches; attic, 8 feet 6 inches.

The underpinning is of hard burnt North river brick. The superstructure is frame. The wide veranda, extending across the front and returning on the side, gives shelter from sun at all times of the day.

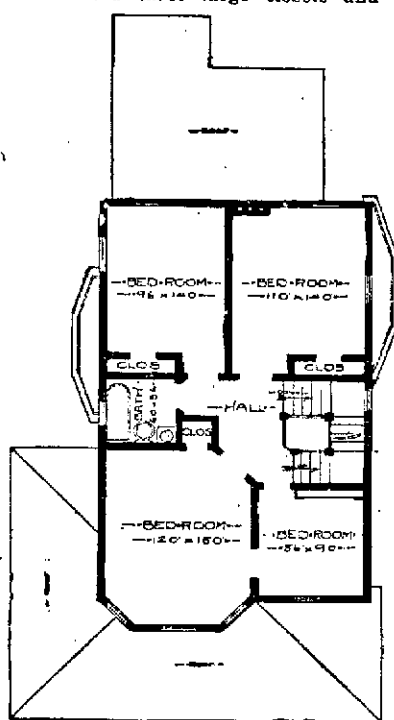

The large hall is ornamented by an open staircase. The parlor and library

FIRST FLOOR PLAN.

are provided with hard wood mantels. The dining room has an open fireplace arranged for gas logs. The butler's pantry is provided with a copper pantry sink and dresser with shelves and glass doors above and drawers below. The kitchen is fitted up with all modern fixtures.

The second floor has four chambers and a bath and three large closets and a

SECOND FLOOR PLAN.

wardrobe. The attic has three bedrooms and an open attic. The concreted cellar has coal bins and a furnace.

This house can be built on a 40 foot plot and will make a home of comfort and convenience.

The Mantelshelf.

Do not overload a mantelshelf with bric-a-brac. Furnish it as simply as possible—a candlestick or candelabrum, a choice bit in pottery, a picture and perhaps a vase, or, for the dining room, vary the picture with a handsome plate, if of rare or old china, and the bit of pottery with an old fashioned teapot. There are no cut and dried rules for these furnishings except that there must not be too many of them.

Concerning Furniture.

Superfluity is the curse of American housekeeping. Have what is useful. When a piece of furniture serves no purpose, it lacks or loses one great element of beauty.

To Remove Marks From Paint.

Marks that have been made on paint with matches can be removed by rubbing first with a slice of lemon, then with whiting and washing with soap and water.

BOTH CROWN AND CROSS.

Queen Marie Henriette of Belgium Dying of a Broken Heart.

There are two little countries in northern Europe that are neighbors, and each of these countries has a queen. In the one the queen governs in her own right, and in the other she takes no part in the government and is only queen by marriage. In the first country, Holland, the queen is supreme—

THE QUEEN OF THE BELGIANS.

ly happy, and in the other, Belgium, the queen is slowly but surely fading away because of a broken heart.

Belgium's queen has surely had enough of trouble to break down any woman, royal or commoner. Not the least of her sorrows is the profligacy of her husband. From one end of Europe to the other is the name of Leopold carried as that of a man who frequents from choice the lowest music halls of the continent. He is the worst of Europe's royal prodigates, and no regard for the feelings of his wife hinders him in his evil courses.

Fate has hardly treated Marie Henriette in the matter of children. Her only son died in infancy, and her other three children are daughters. Two of these contracted most unhappy marriages, the eldest, Princess Louise, to Prince Philip of Saxe-Coburg-Gotha. Prince Philip's treatment drove her to an insane asylum. The second daughter, Princess Stephanie, married Crown Prince Rudolf of Austria, who committed suicide. She is now married again. The youngest daughter of Marie Henriette, Princess Clementine, is still unmarried.

Recoveries From Grip.

Mrs. E. I. Masters, at her home in Monitor, Ind., used Dr. Miles' Nerve and Pills to cure after effects of grip.

Mrs. A. E. Lopeer, in the little town of Modolia, Minn., used Dr. Miles' Pain Pills and Nerve and Liver Pills and was well in a few days.

President McKinley is slowly recovering from grip and its after effects. George J. Flannery was relieved of the awful pains in his head in fifteen minutes, by the use of Dr. Miles' Pain Pills. Now he is rapidly recovering at his home in Buffalo, N. Y.

Speaker Henderson is again in his chair in the House of Representatives after a severe attack of grip.

J. C. Helfrey, foreman of the Westinghouse factory in East Pittsburgh, had a severe attack of grip, but he used Dr. Miles' Nerve and Pain Pills and was soon back in his place.

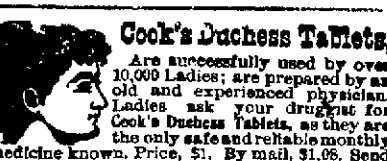

Rev. C. Body was in a serious condition at his home in St. Paul, O., but Dr. Miles' Nerve and Nerve and Liver Pills pulled him through all right.

Policemen Quit When Whistle Blows.

One reason, though not an excuse, for lynching can be seen in the report from Kansas of two policemen who were pursuing a brute who had assaulted a little eight-year-old girl. When the 6 o'clock whistle blew, their day was up, and the two conscientious guardians of the peace promptly abandoned the chase.—Exchange.

Frightens Rheumatism Out of Him.

Fred A. Carey of Cleveland, has been long a martyr to rheumatism. He was limping home the other evening when two men suddenly ordered him to stand and deliver. On the spur of the moment Carey ran like a scared rabbit, and has not since felt a twinge of his old enemy.

HONOR GEN. BRAGG ON HIS BIRTHDAY

Grizzled Veteran Celebrated His 74th Anniversary at His Home in Fond du Lac Yesterday.

Fond du Lac, Wis., Feb. 21.—General Edward S. Bragg kept open house yesterday in honor of his 74th natal anniversary; and during the afternoon his residence was crowded with citizens and citizens' soldiery who kept coming and going.

His natal anniversary finds General Bragg in the enjoyment of the best of health. He shows the weight of his years to be sure, but his eye is bright, his mind clear, and he wears the smile of happy hearty old age.

There was no formality about the reception; there were no addresses. The members of the Fond du Lac county bar association called in a body and individually congratulated the general. Citizens dropped in during the afternoon, and in the evening the members of the Grand Army post of Fond du Lac called and paid their respects.

NORWEGIAN COLLEGE MAY GO TO BELOIT

The Members of the Site Committee Visit That City to Look for a Location.

Beloit is working hard to secure the Norwegian Lutheran college which was destroyed by fire at Stoughton some time ago. The college trustees have been looking for a new location for the college and at one time made a proposition to Janesville. The matter was taken up at a meeting of the Twilight club but no definite move was made to secure the institution for this city.

STUNNING STAGE GOWNS.

Models of Style Worn by Amelia Bingham in Her New Play.

We find the handsomest dresses on the stage when the piece being played permits of modern dressing and the star actress is a woman of taste. This wise reflection came to life recently when I saw the splendid gowns worn in the new play just brought out by Miss Amelia Bingham. There is nothing staid about them, as they are just such gowns as Mrs. Astor or Mrs. Vanderbilt might wear at some grand social function. They are not only new and elegant, but also superbly rich in every detail. It is worth the price of admission to see such gowns. So let me tell what they were and not keep my kind readers in suspense. In the first act the young star wears a widow's costume, and in it she looks beautiful. The dress is made in the most approved fashion for young and attractive widows and is in princess shape. The material is eudora, with a deep facing of heavy English crepe. This is set on in a slope up the front. The waist is made quite plain, but it fits like "the paper on the wall." With this are worn a dainty little bonnet and two veils. One is long and reaches to the very bottom of her dress, and that trains, and the other is only about a yard square. A black bordered handkerchief, with the black half an inch deep, and black glove kid gloves complete the costume. This is the prettiest and newest, as princess shapes for mourning have just been revived.

In the second act she wears a magnificent gray satin of the heaviest quality, and this is wrought with chenille and narrow silk and silver braid by hand in a design which covers almost the whole of the skirt. In the center of the figures there are set large black pearls, which are not black at all, but only dark gray. These form a beautiful finish to the gown and a contrast to the pearl gray in the satin. The waist is of the same and is draped across the front to the left side. There is some chiffon across the bust and some fine point lace across the shoulders. The only point of color is furnished by the lambent flames of the diamonds which the handsome actress wears—that is, if we do not count the rich, deep hue of her eyes and the natural tints of her face and hair.

In the third act she wears a winter costume of plum colored velvet. The dress has a demitrain and a vest of lilac satin with cross lines of silver braid which reaches up and forms the collar. Over this is worn the long velvet cloak. This cloak is lined with white satin and has large, full sleeves with deep cuffs of sable fur. The whole cloak, in fact, is heavily trimmed with this costly fur. With it goes a large muff of the same and a hat of velvet and the fur. Some enormous buttons fasten the garment.

In the last act Miss Bingham wears a house dress of ivory china crepe, and this is V shaped at the neck, where it is filled in with chiffon. What we should do without chiffon I cannot bear to con-

template. This crepe gown is made over taffeta silk, and there is such a quantity of chiffon ruffling and ruching that I could not tell it in half a column. Over this is the dress, and it is embroidered with narrow white silk soutache and chenille placed side by side, which arrangement produces a fine effect. All the parts of the design where it is possible to do so are cut out, and chiffon is brought into the open spaces, making cut work embroidery of it. This work is done so that it reaches almost to the hips in the back and quite up to the belt in front. The waist is bloused in front, and the opening is filled in with the ubiquitous chiffon. The sleeves are made entirely of the embroidered crepe and have extra deep cuffs, and these, too, are filled in with chiffon. I forgot to say that the skirt opens over an underskirt of taffeta, and this is quite covered with doubled bias chiffon folds. There is a crush belt of the crepe, and this clasps in front with a pretty ornament.

RAPID GROWTH OF THE D. A. R. SOCIETY

Convention Now in Session at Washington Makes Extraordinary Showing of Progress.

Washington, Feb. 21.—At the congress of the D. A. R. today Mrs. Manning presided with more calmness and fewer incidents of a trying nature came up for discussion.

The reports of the national officers showed that the D. A. R. had gained in the last year 10,379 new members. Since the organization of this society they had enrolled 35,069 members, 1,193 had died, 1,282 resigned and 278 were dropped on account of the non-payment of dues leaving a membership of 32,116.

Through the report of the treasurer it was shown that in 1898 the society paid \$700 for the opera house, in 1899 \$900, in 1900 \$1,500, and this year \$2,800. This report showed that the society has \$15,800 in bank, \$10,000 in bonds of current investments, making a total fund of \$25,800. Of this \$19,961 was paid for advance dues.

The current assets left are \$11,839. The exact expenditure for the year was shown to be \$34,261.

Of the appropriation of \$2,000 made last year for the Paris exposition fund, \$1,314 was returned to the society by Mrs. Manning, as only about \$300 had been used for expenses of the exhibit.

Mrs. Mary Jane Seymour, historian general, in her report said that the society now had on hand 9,000 copies of the "lineage book," which had been paid for by the national society. It had not received proper appreciation, for, instead of being subscribed for by members, a place had to be hired to store these books. This storage vault cost the society \$120 a year. She further recommended that these books be sent to the various chapters for distribution, inasmuch as the society had had to pay for them. The report with recommendations was accepted.

ROBS BANK; STEALS TRAIN.

Youthful Bandit Holds Up a Banker and Secures \$1,620.

Rantoul, Ill., Feb. 21.—A reckless farmer boy armed with a long-barreled revolver, robbed a bank, stole a freight train, defied a posse, and in two hours put more thrills into life in the sleepy village of Fisher than had been known in the half-century of its existence. He is Arthur Heyer, 22 years of age. At 10 o'clock a. m. he entered the private bank of Vennum & Co. Only one person, F. B. Vennum, was in the bank. Mr. Vennum was busy counting money and sorting out bills. He nodded to Heyer and went on counting. When he looked again, he saw the long-barreled pistol within two feet of his head. The banker thought it was a joke and said:

"Put that down; it might go off!" "It'll go off sure if you don't pass over all the money you've got in there," was the answer.

"In the pile was \$1,620. This the hold-up man deposited in his overcoat pocket and started to back out of the small office, but not until he had told the frightened cashier he would make it hot for him if he attempted to sound an alarm. At the railroad track Heyer saw a freight train standing and leaped on to the locomotive, at the same time ordering the engineer to pull out of town. At first the engineer demurred, but the faithful revolver was again produced, the engineer was commanded to step back into the tender, and the young farmer grasped the throttle. Before the train was under headway the citizens of the village had been alarmed, and they swarmed about the train. The young outlaw was captured a few minutes later, after he had discharged several shots from his revolver, none of them doing damage. Heyer was immediately taken before the village squire, where he was given a preliminary hearing, and was bound over to the grand jury in \$3,000 bond. He is in jail at Champaign. The money was recovered.

Eight for Union Scale. Columbus, O., Feb. 21.—The executive board of the United Mine Workers of Ohio today decided to fill the mines of the Jackson district with union men laborers at the scale of \$2.50 or close the mines. Only \$1.05 is being paid. Vice President Sullivan leaves for the Jackson district to conduct the fight.
